A pink bean character with a smiling face, arms, and legs is on the left. A speech bubble points from the character to the text. The background features a faint, stylized anime character with blue hair and a serious expression.

After
that,

WASP

Not again!

Watabe's hand was so warm...

I wonder what he really thinks of me...

And at the end of the day, he's actually kind.

My heart beat so fast when he patted my head.

Should you have been placed...

What's up?

I thought we could eat together.

Ah, really...

I finally found you.

Wa-

Watabe...

I can't say this to Watabe.

He'd definitely pull back.

Hey!

Haven't you been acting weird lately?

That's fine, but

Sorry, I wanted to call out to you.

But I was talking to the teacher...

You were talking to the teacher, right? It's not like you...

Oh crap, oh crap

Hmm...

Really?

It's nothing, though

Ah

Okay...

If something happened, speak up.

Watashiwa
Watashiwa
Watashiwa

His skin's
pale so it
stands
out....

It's 'cause I
dragged him all
over the place
during
summer.

How
pretty.

Udagawa,

I wonder
what it would
feel li...

Gyaaa!!

...you're

It's
nothing.
I'm fine!

What
are you
screaming
for?

Travis
Good

Your
face is
red,

Do you
have a
fever?

WAAH...

He's really sad.

That's wing?!

U-umm, that's wing...

That kind of thing is creepy.

No...

hiding something after all, aren't you?

actually

clench

No matter what I say, he won't like it.

What is it?

There's something I'm a little worried about...

But if it'll be the same I'll don't say it....

Say it
after
all

The thing
I'm worry-
ing over is
actually
about Wafabe.

until now
we've been
hanging out
as friends,
but...

Lately I've
realized,

that I
might like
you in a
different
way...

huh...?

Find
them!

That's
just the
future...

Am I going to
repeat every-
thing
again...?

clench

I shouldn't
have said
anything.

But...

An idiot
like me,

...IT'S
OVER.

Didn't
know how
to not hurt
Watabe.

Watake and
I might
just drift
apart...

At this
rate,

What
is it?

..haha!

I HAS
NOT.

Wafabe
was also
on the
verge of
fears...

You
Lol!

have the
most fun
when I'm
with
Wafabe.

I really
do.

..that
part of
you.

should
be
against
the
rules.

that
you're
talking
to me
again.

I wouldn't
talk to
someone I
hate.

I thought
you
hated me
now.

That's
true...

I'm
relieved.

Okay!

Well... to be
honest, I
didn't know
what to do.

...you
know.

I don't
want that
either...

But...I can't
go back to
how we were
before.

When I see
you talking to
other people I
get jealous
and irrita-
ted.

Whenever I
see Watake I
start think-
ing weird
things.

You're not
thinking
about me at
all, are you?

What are
you deciding
all by your-
self?

then saying
we're no
longer
friends if I
don't
agree...if

Saying
that
you like
me.

...because that's
what it
means to
like some-
one?

it's too
late to try
stop these
thoughts...

Huh...?

It's just...
I've been
thinking
things like
that too,
recently.

After that
time... I've
been weirdly
conscious
of some
things.

What's
wrong?

no.

That's
what I
thought.

but other
people don't
seem to have
these
thoughts at
all...

That's not true

Also, when
you con-
fessed to
me,

I didn't
hate it at
all

I
don't
know any-
more...

I thought it
was a little
strange,
but

Whenever I
see you
with other
people,

I start
thinking that
you might
drift away
from me, and
it really
hurts.

grab

Wofale!

Which means,

That it's love,

Right?

It's pretty safe,

I forgot

have I fixed all the parts you have about me yet?

Oh yeah,

Besides, I've come to think of those things as a part of you.

you said Ah... something like that before, didn't you?
